

**FOR IMMEDIATE RELEASE**

**Efferent Labs™ to Present CytoComm™ at 2016 NewYorkBIO 2016**

(BUFFALO, NY) April 14, 2016 – Efferent Labs will present the CytoComm™ Biosensor Platform at NY Bio 2016 Annual Conference in New York City on May 11, 2016 at 10 on the Park at Time Warner Center. The company will discuss the CytoComm™ Living Biosensor System and its innovative technology, updates on research and development, and important next steps. In addition, the company will address the value of CytoComm™ as a platform technology with multiple applications including preclinical R&D, clinical testing, oncology, cardiology, and metabolic monitoring.

More information about Efferent Labs™ can be found at [www.efferentlabs.com](http://www.efferentlabs.com)

**ABOUT EFFERENT LABS™:**

Efferent Labs™ is a developer of high value medical diagnostic technology. Efferent Labs' proprietary technology, the CytoComm™ Living Cell Biosensor System, is a platform used for in vivo, real-time monitoring of biological signaling and cellular response. The company is based in Buffalo, NY and is a 2014 43North award winner and 2015 Verizon Powerful Answers semi-finalist.
